GREATER EFFICIENCY WITH UNIQUE HEAT REFLECTOR

The MEX V3772MHR hob is designed to have heat reflectors to enhance the area of complete combustion. It also minimize the heat loss to environment meaning energy is saver.

5.0 KW. DOUBLE RING-BURNER MAKES FASTER COOKING

The double ring-brass burners combine the unique-flame cooking and the powerful 5.0 kW. burner make cooking faster and more convenient for variety of cooking menus, especially for Thai foods even in large quantities.

SAFETY MEETS STRONG FIBER MESH TEMPERED GLASS

Mex **strong fiber mesh tempered glass** offers security for the use of gas hob. The fiber mesh reinforces the tempered glass that is beneficial to prevent risks from thermal shock on the glass.

BUILT TO ENDURE. DESIGNED TO PERFORM

Crafted for serious cooks and everyday chefs alike, our gas stove features premium brass burners engineered for durability and precision. With a powerful 5,000W flame, you'll get instant, consistent heat that brings out the best in every dish.
