HONEY COMB BAFFLE FILTER

Mindfully design of MEX with Triple-Layered Baffle filters equips with the honey comb stainless steel filter which creates ramble channels obstruction to increase capability of cooking grease and oil extraction.

WHY MEX BAFFLE FILTER CHIMNEY HOOD?

High Filtration Efficiency

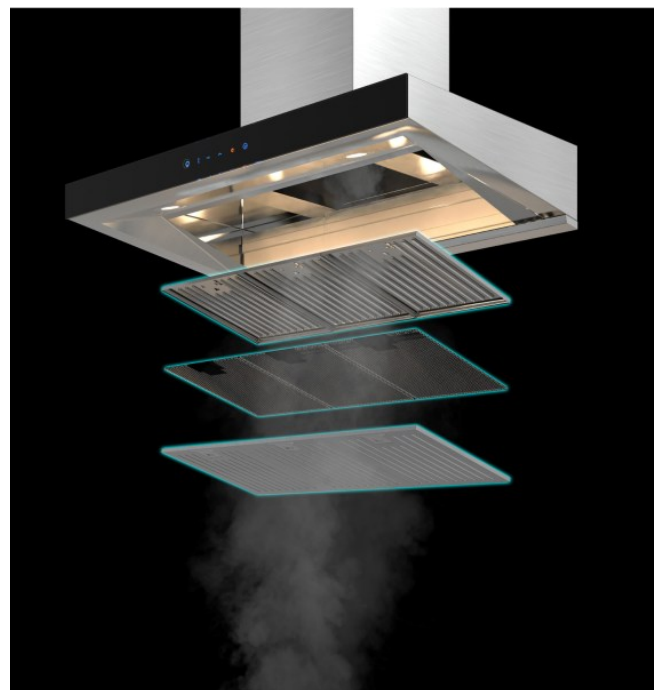

High Filtration Efficiency to capture oil and airborne grease before entering to the system while effectively exhausting the rest smoke, fume or odor.

Save your time

MEX Honey Comb Baffle Filter save your time Convenient clean interior and will reduce your need for regular hood cleaning because of less built-up grease in exhaust system.

Long-term performance

MEX Honey Comb Baffle Filter keep long-term performance and durability higher than other filter. Enhance extractor power by new design Sirocco Blower combine with a motor 300 W. providing extraction rate capacity at 1050 m3/h.

CHIMNEY HOOD K632BFB90

FEATURES

- 90 cm. T-Shaped wall mounting hood
- Black body and chimney
- Motor power : 300 watt.
- Maximum air extraction rate : 1,050 m³/h
- Net air extraction rate performance : 850 m³/h
- Triple layers Baffle Filter with a Honey comb middle layer that increases the surface area for capturing grease vapors, providing highly effective filtration
- Removable black oil tray and it is easy dismantle for cleaning.
- Manual control on black full width special magnetic acrylic panel
- 3 selectable speeds.

SPECIFICATION

PRODUCT MEASUREMENT

Overall Dimension	W895 x D504 x H568-1,050 mm.
Net Weight	16.82 Kg.

PACKAGING MEASUREMENT

Overall Dimension	W395 x D935 x L635 mm.
Gross Weight	19.80 Kg.

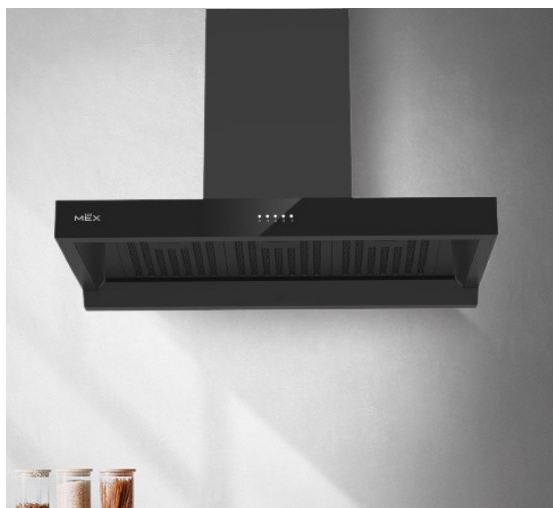

INSTALLATION REQUIREMENT

Installation Type	Wall mounted
Suitable for	Ducted operation only
Minimum clearance to gas/ electric cook top	750 mm.
Ducting connection	Ø150 mm.

ELECTRICAL

Power Supply	220—240V ~50 Hz.
