

New generation of a cooker hood: the MEX INNOVEN-B90 is more than just smoke extraction it protects your health and enhances comfort in the kitchen.

Elegant, quiet, and powerful, it is designed for modern kitchens that demand both beautiful design and professional-level performance.

COOL FLOW INNOVATION

Cook in cool comfort – **no more battling the heat.** Experience the exclusive MEX innovation: a **cooling airflow system** that draws air from above and creates a curtain of cool air directed toward the cook, helping reduce heat around the cooktop for a more comfortable cooking experience.

The Cool Flow system not only delivers refreshing air-flow to reduce heat while cooking, but also functions as an air curtain, creating a barrier between the cook and the cooktop. This helps effectively reduce exposure to smoke, oil vapors, and PM10 / PM2.5 particles, making cooking cleaner, more comfortable, and more confidence-inspiring.

GLASS SMOKE VEIL

The smoke shield automatically opens whenever the hood is in operation, helping prevent smoke, oil vapors, and PM10 / PM2.5 particles from spreading into the surrounding area. It enhances extraction efficiency by directing airborne grease and fumes into the hood for maximum suction performance.

NEW DESIGN CONTROL

Easy to operate with the Easy Direct Touch system and Gesture Control – simply wave your hand to operate. Featuring a 5-minute Delay Timer function that continues extracting smoke, odors, and heat after cooking, helping keep your kitchen clean and the air fresh.

COOKER HOOD INNOVEN-B90

NEW ELITE BLOWER GREATER EFFICIENCY

Powered by a high-performance 170W BLDC motor, delivering energy-efficient and quiet operation. Supports dual-direction airflow extraction with a maximum airflow capacity of 1,200 m³/h.

DUAL WHITE LED LIGHT

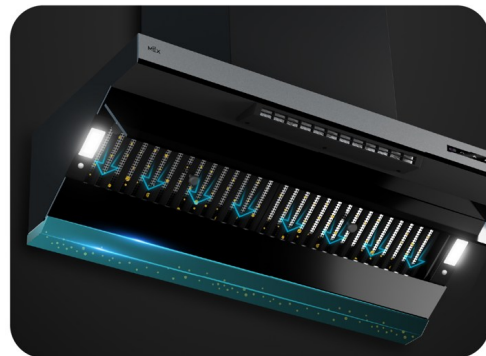

Enjoy greater convenience while cooking with two 1.5W white LED lights, providing bright illumination and clear visibility of food colors during cooking.

HONEY COMB BAFFLE FILTER

Exclusive 3-layer Baffle oil filter delivers professional-grade performance, helping reduce grease buildup effectively. Collected oil drains into a removable tray below, making cleaning and maintenance easy and convenient.

NO OIL DRIP

The Honey Comb Baffle Filter features a 33° angled design that allows grease to flow smoothly into the collection tray without dripping onto food. It effectively captures fine oil vapors, reduces grease buildup inside the hood, and comes with an easy-to-remove tray for convenient cleaning and maintenance.

COOKER HOOD INNOVEN-B90

FEATURES

- New generation of a cooker hood: the MEX INNOVEN-B90 is more than just smoke extraction—it protects your health and enhances comfort in the kitchen.
- 90 cm wall-mounted angled cooker hood, black glass design
- Black body and chimney
- High-performance BLDC motor, 170 W, energy saving
- Gross air extraction rate : 1,200 m³/h
- Net air extraction rate performance : 1,050 m³/h
- 3-layer Baffle Filter with Honeycomb Stainless Steel middle filter effectively captures grease and oil vapors.
- Black oil collection tray, removable for easy cleaning
- Easy Direct Touch control panel, with Gesture Control (hand wave operation)
- 3-speed levels
- 5-minute delay timer for automatic shut-off
- 2 x 1.5 watt LED lighting
- Complete Premium Installation Kit: Including an 7" stainless steel insect guard and a 3m. air duct for a seamless setup.
- Ducted operation only

SPECIFICATION

PRODUCT MEASUREMENT

Overall Dimension	W900 x D405 x H710–1015 mm.
Net Weight	28.0 Kg.

PACKAGING MEASUREMENT

Overall Dimension	W965 x D455 x H760 mm.
Gross Weight	32.0 Kg.

INSTALLATION REQUIREMENT

Installation Type	Wall mounted
Suitable for	Ducted operation only
Minimum clearance to gas/ electric cook top	750 mm.
Ducting connection	Ø180 mm.

ELECTRICAL

Power Supply	220–240V / 50 Hz.
