SM761GFGM Multi-Function Large

Crafted from high-quality AISI 304 stainless steel in an elegant Grey Metal finish, the SM761GFGM sink features a large single bowl design ideal for versatile kitchen use. The surface is treated with an advanced **Nano Sandblasted PVD coating**, which reduces surface tension, making water slide off easily for effortless cleaning. This sink is **safe for food preparation and cooking tasks**, ensuring hygiene and peace of mind.

Specially Designed Sink Bowl!

Features a raised rim that allows you to conveniently place food preparation accessories right over the sink—maximizing your workspace and enhancing kitchen efficiency.

Fast-Draining Sink Base

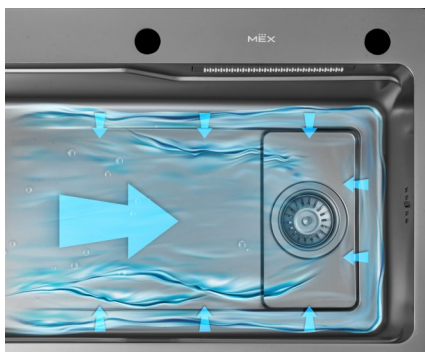

The bottom of the sink bowl is **specially designed to ensure rapid water drainage**, helping keep the sink dry and clean at all times.

"Recommended for use with orange Scrub Dots scouring sponge (Scotch-Brite). Avoid direct contact between the scouring side and the sink surface."

Special Surface Coating with Nano Sandblasted PVD Technology

The sink is finished with a Nano Sandblasted PVD coating, which reduces surface tension and prevents water from clinging to the surface—making it easier to clean and maintain.

Specially Designed Sloped Sink Bowl

The sink bowl features a **carefully engineered slope** that promotes **fast and efficient drainage**, preventing water from pooling. This thoughtful design ensures a cleaner, more hygienic sink with no standing water issues.
